

# Manifest Consolidation - Support of 2nd and 3rd Transfers (14503, 14647) [Enhancement]

Last Modified on 01/25/2023 12:34 pm EST

Manifest Consolidation has been enhanced to support a second and third transfer. To support this, enhancements have been made to the Manifest Consolidation screen and are referenced in the *Screen Functionality and Logic Updates* section below.

## Screen Functionality and Logic Updates:

Right click functionality has been updated on the Manifest Consolidation screen. Changing the Work Status to 'Shipping Complete' and the Posting Status to 'Posted' must be done in the Transfer Work Order. The following right click options are still available on the Manifest Consolidation screen for consolidation batches:

- Edit Batch
- Print Manifest and Print Shipping Report
- Mark Ready to Ship

## Review:

Consider reviewing the charge codes in the *Manifest Consolidation Eligible Setup* tool as this determines the disposal location for each charge code and drives the transfer process.
