

# Dispatch - Add/ Edit Payroll Hours in Route Productivity (14162) [Enhancement]

Last Modified on 01/30/2023 3:00 am EST

Logic has been updated to the Payroll Clock In/Clock Out fields in Dispatch (Route Productivity view) to allow for adding and editing hours. A '?' displays when no time has been clocked for the employee.

The screenshot displays the 'Route Productivity' view in the Dispatch system. The main table lists productivity data for various routes on Wednesday, Oct 12, 2022. The columns include: PAYROLL CLOCK IN, LOG IN, PRE TRIP, FIRST SERVICE TIME, LUNCH START, LUNCH END, LAST SERVICE TIME, TRUCK/MILEAGE, FUEL, POST TRIP, LOG OUT, PAYROLL DOWNTIME CLOCK OUT, and LABOR HOURS. A modal window titled 'WORKER DAILY PRODUCTIVITY' is open, showing details for route 11-10901 and driver Laurie. The modal includes fields for PAYROLL CLOCK IN (9:00 am), LOG IN (9:05 am), LUNCH START, LUNCH END (?), LOG OUT (4:55 pm), and PAYROLL CLOCK OUT (5:00 PM). A 'SAVE' button is located at the bottom of the modal.

ROUTE	NAME	PAYROLL CLOCK IN	LOG IN	LUNCH START	LUNCH END	LOG OUT	PAYROLL CLOCK OUT
11-10901	Laurie	9:00 am	9:05 am			4:55 pm	5:00 PM

Pathway: Operations > Dispatch > Route Productivity (view)
