

Surcharge Window - Surcharge Group was not displaying all Surcharges as shown in Surcharge Window (13841)

Last Modified on 01/23/2023 3:07 pm EST

Now showing all surcharges in the Surcharges Window.

The screenshot shows the Navusoft Setup interface for a customer. The main window displays site information and a calendar view. A 'SURCHARGE WINDOW' is overlaid on top, showing a table of surcharges. The table has three columns: SURCHARGE, RATE / INDEX, and TYPE. The data rows are:

SURCHARGE	RATE / INDEX	TYPE
Fuel	20	%
Environmental Charge	10.8	%

In the background, the 'SURCHARGE GRP' is set to 'Fuel and Environmental Charge', which is highlighted with a red box. A red arrow points from this box to the title bar of the Surcharge Window.
