

Manifest Consolidation - 'Transfer Transporter' Field Relocated (14004) [Enhancement]

Last Modified on 01/30/2023 3:24 am EST

The **Transfer Transporter** field located in Setup > Operations > Route (double click to open) and Operations > Dispatch > Edit Route (double click to open) has been moved to the Manifest Consolidation screen in Operations. To access the field, right-click within the line item and the Manifest Consolidation Batch popup editor will display. Click on the Transporter drop down field and a list of transfer transporters will display. Select the transporter that applies. Additional information about the Transporter field and its role in the Manifest Consolidation process can be found in the *Prepare Open Batches* article attached below.

The screenshot displays the Manifest Consolidation interface. At the top, there are filters for SOURCE (All), DESTINATION (All), and STATUS (Open). A 'LOAD' button and a search bar are also visible. The main area contains a table with columns: ID, SHIP DATE, STATUS, SOURCE, TRANSPORTER, DESTINATION, and EXTERNAL ID. A red arrow points to the 'STATUS' column header with the text 'Right-click'. A 'MANIFEST CONSOLIDATION BATCH' popup window is open, showing fields for SOURCE (1053), STATUS (Open), TRANSPORTER (Murray MedWaste SE- Orlando), DESTINATION (1028), SHIP DATE, EXTERNAL ID, and a NOTE field. 'SAVE' and 'CANCEL' buttons are at the bottom of the popup.
