

Setup (Services) - Service Code Map, Charge Codes (14432)

Last Modified on 01/25/2023 4:19 pm EST

Previously, not all Charge Code options were displayed in the Add/Update Service Code Map. Now all charge code options display when selected.

The screenshot displays the 'SERVICE CODE MAP SETUP' interface. It features a table with columns for ID, SERVICECODE ID, CHARGECODE ID, NOTE, DIVISION, COUNT, TYPE, BCSIZE, BCCHG, and CPMAIL. An 'UPDATE SERVICE CODE MAP' dialog box is open, showing a dropdown menu for 'CHARGECODE ID' with a list of options including 'Special Event Trip Charge', 'Relocate', 'Rental Fee', 'Roll Off 30 Day Inactivity Fee', 'Roll-off Hourly', 'Special Event 250g Holding Tank', 'Special Event Delivery Fee', 'Special Event Handicap Unit', 'Special Event Service', 'Special Event Standard Unit', 'Special Event Trailer', 'Special Event Trash Box Delivery', and 'Special Event Trip Charge'. The 'Special Event Trip Charge' option is highlighted in green.

Pathway: Set Up > Services > SoftPak Service Code Map > Update Service Code Map
