

Portal (Make a Payment) - Error When Clicking on Invoice Email Link and (Portal) Make a Payment (14446)

Last Modified on 01/25/2023 3:13 pm EST

Previously, when the *Make a Payment* link was selected from the emailed invoice, or the *Make A Payment* button in the Customer Portal was selected, a 404 Error was produced. This has been resolved.

Pathway: *Portal > Make a Payment; Email Invoice > Make a Payment Link*
