A new 'Created On' column has been added to the Dispatch view of the Services List screen. This column captures the date and time a work order was created.

The screenshot shows the 'SERVICES LIST' interface. At the top, there is a navigation bar with a dropdown menu set to 'Dispatch', a 'Select Print Format' dropdown, and buttons for 'SET POSTING', 'EDIT', and 'PRINT COMPLETED'. A search bar is also present. Below the navigation bar is a table with the following columns: ROUTE, SEQ, ORDER NOTE, LOCATION, SCHEDULED DATE, CREATED ON, WO#, WO TYPE, SERVICE TYPE, QTY, EQUIPMENT, and PHOTOS. The 'CREATED ON' column is highlighted with a red box. The table contains several rows of service data.
