

# Dispatch (Services List) – Screen Updates for 'Completion Data' View (13984) [Enhancement]

Last Modified on 01/30/2023 3:32 am EST

The *Services List* screen has been updated to include a Distance column to track the distance between the service location's address and the location the driver marked the service complete. The value in the Distance column displays as a link and will generate a map of the two locations when selected. If the driver has not marked a service location as complete, a Distance value will not be produced.

The Distance column is only available in the '*Completion Data*' screen view.

The screenshot displays the 'SERVICES LIST' application interface. At the top, there is a navigation bar with a search field and several action buttons: 'SET POSTING', 'EDIT', and 'PRINT COMPLETED'. Below this is a table with the following columns: ROUTE, SEQ, LOCATION, WO TYPE, SVC QTY, PHOTOS, REVENUE, DISPOSAL COST, OPERATION COST, PROFIT, MINUTES, and DISTANCE. The 'DISTANCE' column is highlighted with a red box, and a red arrow points from it to a map view below. The table contains one row with the following data: ROUTE: 12-301, SEQ: 12:09 pm, LOCATION: 330894435 \* UNITED HEALTH CARE 601 BROOKER CREEK B..., WO TYPE: SCHEDULED Ser... COMPLETED 12:09 pm, SVC QTY: 0, PHOTOS: 0, REVENUE: 0, DISPOSAL COST: 110, OPERATION COST: 0, PROFIT: 0, MINUTES: 0, and DISTANCE: 10.47 mi. The map view shows a Google Map of Houston, Texas, with a red dashed line indicating the route between the service location (marked with a green 'C') and the completion location (marked with a red 'S'). The map also shows various landmarks and streets in the area.

ROUTE	SEQ	LOCATION	WO TYPE	SVC QTY	PHOTOS	REVENUE	DISPOSAL COST	OPERATION COST	PROFIT	MINUTES	DISTANCE
12-301	12:09 pm	330894435 * UNITED HEALTH CARE 601 BROOKER CREEK B...	SCHEDULED Ser... COMPLETED 12:09 pm	0	0	0	110	0	0	0	10.47 mi

Pathway: Operations > Dispatch > Select 'Scheduled' Link
