

Operations (Dispatch) - Screen Update to Display Summary of Workers Assigned to a Route (14226, 14313) [Enhancement]

Last Modified on 01/26/2023 10:06 am EST

The Crews view of the Dispatch screen has been updated to include a Labor Summary column to display the names of all workers assigned to the route. Select the name of a worker to open the Route Labor Summary popup window to access Work Orders and the Worker Calendar.

- **Open Work Order:** From the Route Labor Summary popup, select the underlined Worker Order number/ID.
- **Open Worker Calendar:** From the Route Labor Summary popup, select the worker's name.

The screenshot shows the 'DISPATCH' interface with a route summary for 'Monday Nov 14, 2022 (0 of 9 Completed)'. The 'LABOR SUMMARY' column is highlighted, and a 'ROUTE LABOR SUMMARY' popup window is open, displaying a table of worker assignments.
