

Accounts (Service Records) - Count Was Not Displaying for Attachments Tab (14286)

Last Modified on 01/25/2023 3:38 pm EST

Previously, an issue was preventing the banner count from displaying on the Attachments tab for the Service Record. This has been resolved. In Addition, the account's calendar has been updated to display a paperclip icon on the date an attachment was uploaded.

EDIT SERVICE RECORD
