

Route Management - Re-Number Tab Updates (14788, 14916)

Last Modified on 03/10/2023 11:56 am EST

The following enhancements have been made to the Re-Number tab in Route Management:

1. **Division** and **Day of Week** filters have been added to display routes upon Load.
2. New columns added:
 - o Day of Week
 - Identifies the day of the week for the route.
 - o Stops
 - Link to open *Route Stop Details* and review a (read-only) list of the stops on the route.
 - o Quantity
 - Displays the total service quantity on the route.
 - o View Map
 - Displays the stops on a map.

The screenshot shows the 'Re-Number' tab interface. At the top, there are three tabs: 'Pending', 'Current', and 'Re-Number' (which is highlighted with a red box). Below the tabs, there are two dropdown menus: 'DIVISION' set to 'CORPUS' and 'DAY OF WEEK' set to 'Wednesday'. To the right of these is a green 'LOAD' button. Below the filters is a table with the following columns: 'SELECT ROUTE(S)', 'DAY OF WEEK', 'STOPS', 'QUANTITY', and 'VIEW MAP'. The table contains seven rows of route data. To the right of the table is a 'SEQUENCE GAP' dropdown set to '4' and a green 'RE-NUMBER' button.

SELECT ROUTE(S)	DAY OF WEEK	STOPS	QUANTITY	VIEW MAP
<input checked="" type="checkbox"/> COR 101	3	60	62	
<input type="checkbox"/> COR 201	3	120	126	
<input type="checkbox"/> COR 202	3	101	145	
<input type="checkbox"/> COR 203	3	132	169	
<input type="checkbox"/> COR 401	3	244	250	
<input type="checkbox"/> COR DUMPSTER DEL/REM	3	1	5	
<input type="checkbox"/> ALVARO	3	4	4
