

# Work Order (Disposal) - Option to Show Disposal Ticket Image on Customer Portal Added (14801)

Last Modified on 03/13/2023 3:06 pm EDT

The option to allow users to view the disposal ticket image on the Customer Portal has been added to the work order in the Add Disposal / Shipment tab. Select 'Include Ticket Image With Invoice and Make Available in Customer Portal' to display the attached image in the Customer Portal.

The screenshot displays the 'ADD DISPOSAL / SHIPMENT' form. The form includes fields for START DATE (03/13/23 Mon), START TIME (12:00 AM), END DATE, END TIME, DESTINATION / ORIGIN, TANK, TRANSPORT METHOD, TRUCK, VEHICLE ID, EXTERNAL TICKET #, STATUS (Completed), MATERIAL, WEIGHT IN, WEIGHT OUT, QTY (0), UOM, MIN QTY (0), DISPOSAL RATE, FEE 1, FEE 2, and TOTAL COST. A NOTES section is also present. Below the form, a 'Ticket Image' section contains a checkbox labeled 'Include Ticket Image With Invoice and make available in customer portal', which is checked and highlighted with a red box.
