Portal - Invoice By Email Enrollment Available Through Customer Portal (14976) [Enhancement]

Last Modified on 03/23/2023 2:59 pm EDT

The Customer Portal has been updated to provide portal users the option to manage their paperless billing preference.

Requirements:

- The portal user must be a billing contact **OR** an account contact for an account that has no billing contacts identified.
  - If the portal user is currently an account contact, their contact status will be updated to first billing contact upon selecting a billing preference.
  - If the portal user is neither a billing contact nor an account contact, a link will not display.

Customer Portal Display Links

Link Displayed	Description
Invoice By Mail - Enable Paperless Billing	Displays if the account's billing setup is set to receive paper billing.
Manage	Displays if the account's billing setup reflects either email link, or email attachment.

> When a user selects either link, the following options display:
> - Receive Invoice Link Electronically
> - Receive Invoice PDF by Email
> - Receive Paper Invoice by Mail
