

Service Record - Fixes to Add Disposal / Shipment Screen(15043)

Last Modified on 03/28/2023 2:45 pm EDT

An issue has been resolved on the *Add Disposal / Shipment* screen that affected **Qty** and **Save** functionality. Additionally, the screen display has been corrected to open the Add Disposal / Ship record in a new window and not within the Disposal / Ship tab.

The screenshot displays the 'ADD DISPOSAL / SHIPMENT' window within the 'EDIT SERVICE RECORD' application. The background window shows account information for 'Example Account' at '9050 Northpoint Dr, Beach City, TX 77523-8311' and work order details: '5781871', '1' quantity, '10 Yard Open Top Service', '10YDRO' equipment, 'RO_DUMPRET' work type, and 'On Call' order type. The 'ADD DISPOSAL / SHIPMENT' window is a modal form with the following fields and values:

START DATE	START TIME	END DATE	END TIME	DESTINATION / ORIGIN	TANK
03/22/23 Wed	12:00 AM			CEFE LF

MATERIAL	WEIGHT IN	WEIGHT OUT	UOM	QTY	MIN QTY	DISPOSAL RATE	FEE 1	FEE 2	TOTAL COST

Below the form, there is a 'Ticket Image' section with a checkbox labeled 'Include Ticket Image With Invoice and make available in customer portal'.
