

# Operations - Default Truck Field Not Populating (14633)

Last Modified on 04/03/2023 2:11 pm EDT

An issue has been resolved in *Route Setup > Add Route* that prevented the Default Truck drop down field from displaying a list of trucks until after the user had saved the route.

The following selections must be made for trucks to display:

1. Division
2. Line of Business

The screenshot shows the 'ADD ROUTE' form with the following fields:

Field Name	Field Type	Value
NAME	Text Input	
DIVISION	Dropdown	
EXTERNAL ID	Text Input	
DEFAULT TRUCK	Dropdown	
DEFAULT DRIVER	Dropdown	
DEFAULT HELPER 1	Dropdown	
DEFAULT HELPER 2	Dropdown	
ACTIVE	Dropdown	Yes
LINE OF BUSINESS	Dropdown	
DEFAULT DISPOSAL LOCATION	Dropdown	
DEFAULT TRANSPORTER	Dropdown	
SUPERVISOR	Dropdown	
HOLIDAY SCHEDULE	Dropdown	
EXCLUDE HEALTH SCORE	Dropdown	No

Pathway: *Setup > Operations > Route*
