

# Operations - Odometer UOM Added to Truck Setup (13969) [Enhancement]

Last Modified on 04/11/2023 3:45 pm EDT

Odometer UOM has been added to Truck Setup to support non-US distance UOMs. A selection here affects how the Start/End fields display in the Mileage Window in Dispatch (Route Productivity view > double click on the Truck / Mileage value).

The image shows two screenshots from a software application. The top screenshot is the 'EDIT TRUCK' form, which has a blue header and contains various fields for truck configuration. The 'ODOMETER UOM' field is highlighted with a red box. The bottom screenshot is the 'DISPATCH' 'Route Productivity' view, showing a table of routes for Monday, April 10, 2023. The table has columns for route, driver, payroll clock in, log in, pre trip, first service time, lunch start, lunch end, last service time, and truck/mileage. The truck/mileage column is highlighted in yellow.

ROUTE	DRIVER	PAYROLL CLOCK IN	LOG IN	PRE TRIP	FIRST SERVICE TIME	LUNCH START	LUNCH END	LAST SERVICE TIME	TRUCK / MILEAGE
Monday Apr 10, 2023 ( 0 of 4 Completed)									
DAY 301	George Garza - Driver	?	?						771 / 0
DAY 302	Donald Hortman - Driver	?	?						774 / 0
DAY UNASSIGNED ROLL OFF		?
