

# Site Inventory - Add/Edit Truck Field Updates (15241) [Enhancement]

Last Modified on 05/11/2023 4:57 pm EDT

The following changes have been applied to the Add/Edit Truck screen in Site Inventory:

1. **Speed UOM** has been removed.
2. **Volume Capacity** and **Weight Capacity** along with their UOM fields are no longer required to save.

The screenshot shows the 'ADD TRUCK' form in Site Inventory. The form is overlaid on a background showing a site inventory list for 'Mi-Lar Fence Co'. The 'ADD TRUCK' form has a blue header and contains several input fields. A red arrow points to the 'Capacity' tab, which is currently selected. The 'Capacity' tab shows fields for 'VOLUME CAPACITY', 'COMPACTION RATIO', 'WEIGHT CAPACITY', and 'TARE WEIGHT', each with a corresponding 'UOM' dropdown menu. A 'SAVE' button is at the bottom of the form.

Field	Value
NAME	
DIVISION	DAYTON
TRUCK TYPE	
LICENSE PLATE	
LINE OF BUSINESS	
OWNERSHIP	Third Party
SITE	44705001
ODOMETER UOM
