

# Customer Portal - Tracking Numbers Updated in Recent Services and Service History (14921)

Last Modified on 05/19/2023 10:08 am EDT

Previously, when viewing Recent Services and Service History, the tracking number was only partially displayed. Logic has been updated to increase the character display to 18 characters.

If a tracking number is longer than 18 characters, hover your mouse over it and the full number will display.
