

Dispatch - Record Truck Mileage When Record Does Not Exist (15304) [Enhancement]

Last Modified on 06/23/2023 9:16 am EDT

An Enhancement has been made to the Route Productivity view in Dispatch to allow users the ability to record truck mileage when a mileage record does not exist. To support this, new 'Start Time' and 'End Time' fields were added to the Add Mileage editor.

The screenshot shows the 'DISPATCH' interface for 'Route Productivity'. The top navigation bar includes 'FROM' (06/23/23), 'TO' (06/23/23), 'DIVISION' (CORPUS, DAYTON, HEARNE, HILLSBORO, HOUSTON, QAWASTE), and 'LINE OF BUSINESS' (Commercial). Below this is a 'Route Productivity' dropdown and a 'Select Route Sheet' button. The main table lists routes for 'Friday Jun 23, 2023 (0 of 17 Completed)'. The columns are: ROUTE, DRIVER, PAYROLL CLOCK IN, LOG IN, PRE TRIP, FIRST SERVICE TIME, LUNCH START, LUNCH END, LAST SERVICE TIME, TRUCK / MILEAGE, and FUEL. An 'ADD MILEAGE' modal is open, showing fields for START TIME (06/23/23 Fri), END TIME, START KILOMETRE (0.00), and END KILOMETRE, with a 'SAVE' button. A red arrow points to the modal.
