

NavuNav- Performance Improvements (15098, 15255, 15435)

Last Modified on 07/14/2023 10:35 am EDT

The following performance improvements have been released to the NavuNav app:

1. The issue causing the app to shut down when the driver attempted to save a date in the disposal ticket has been fixed.
2. NavuNav (Android)
 - The Disposal Calendar has been fixed to display the correct date. Previously it was adding or subtracting a month.
 - Performance improvement to Start timestamp for online service calls.

Pathway: *NavuNav App*
