

Reports (AR) - Tax Details and Tax Summary Pages Failing (15562)

Last Modified on 08/07/2023 10:49 am EDT

Previously both the Tax Details and Summary Reports were erroring upon open. This has been fixed.

The image displays two screenshots of a software interface for generating tax reports. The top screenshot is titled 'TAX SUMMARY' and the bottom one is 'TAX DETAILS'. Both have a blue header bar with the title and a breadcrumb trail 'REPORTS > STANDARD REPORTS > AR'. Each interface contains a table with two columns: 'PARAMETER' and 'VALUE'. In both, the 'Period' parameter is set to 'Aug 2023'. Below the table are two buttons: 'RUN REPORT' and 'RUN AS EXCEL'.

PARAMETER	VALUE
Period *	Aug 2023
Division
