

Dispatch - Selection of the Time in the Pre Trip Column Does Not Open Results Window (15686)

Last Modified on 08/29/2023 3:39 pm EDT

An issue has been resolved in the Dispatch screen that prevented the Vehicle Inspection Results window from displaying.

The screenshot displays the Dispatch application interface. At the top, there are filters for FROM (07/01/23), TO (07/31/23), DIVISION (DAYTON), and LINE OF BUSINESS (Document Destruction). Below these are various icons and a 'Standard' dropdown menu. The main area shows a list of trucks for Tuesday, July 25, 2023, with columns for ROUTE, TRUCK, DRIVER, PRE TRIP, and POST TRIP. A modal window titled 'TRUCK 140 - 07/25/2023 VEHICLE INSPECTION RESULTS' is open, showing a table of inspection items. The table has columns for INSPECTION ITEM, PRE TRIP RESULT, POST TRIP RESULT, and NOTES. The PRE TRIP RESULT column contains 'Pass' for all items. A red box highlights the '2:53 pm' time in the PRE TRIP RESULT column, with a red arrow pointing to it. Below the table, there is a section for PRE TRIP and POST TRIP details, including 'Test2 Dispatcher User' and 'Test2' in the PRE TRIP RESULT field, and '07/25/2023 2:53 pm' in the POST TRIP RESULT field. At the bottom of the modal, there is a table with columns for ORDER ID, TYPE, SOURCE, TARGET DATE, STATUS, ASSIGNED TO, and NOTES.
