

# Navu Request - Add Date Range Filters To History Tab (15371) [Enhancement]

Last Modified on 08/31/2023 8:29 am EDT

An improvement has been implemented in Navu Requests, now featuring a "Created Within" filter within the History tab.

The screenshot displays the 'NAVU REQUESTS' interface. At the top, there are filters for USER, PRODUCT (All), MODULE (All), and SCREEN (All). Below these are tabs for 'Recent Activity', 'Submission Pending', 'Our Response Pending', 'With Support Team', 'With Development Team' (with a red '4' notification), 'Installation Pending', and 'History'. The 'History' tab is active, showing a table of requests. A dropdown menu for 'CREATED WITHIN' is open, listing 'Last 30 Days', 'Last 60 Days', 'Last 90 Days', and 'Date Range'. The table below has columns for REQUEST ID, CREATED DATE, TYPE, USER, MODULE, SCREEN, and SUMMARY. The first row shows request 15372, created on 06, 23, of type Documentation, in the Operations module. The second row shows request 15373, created on 14, 23, of type Documentation, in the Setup module. The third row shows request 15626, created on 06, 23, of type Documentation, in the Setup module. The fourth row shows request 18541, created on Aug 16, 23 8:27am, of type Documentation, in the Sales module.

REQUEST ID	CREATED DATE	TYPE	USER	MODULE	SCREEN	SUMMARY
15372	06, 23	Documentation		Operations		Material Type
15373	14, 23	Documentation		Setup		Material Type
15626	06, 23	Documentation		Setup		Charge Code
18541	Aug 16, 23 8:27am	Documentation		Sales		extended grid view for c
