

Refresh and Filter Logic Updated to Multiple Setup Screens (14447) [Enhancement]

Last Modified on 08/31/2023 10:49 am EDT

Logic has been updated to multiple screens in the Setup module to retain the filter selection even when the screen is refreshed.

The screenshot displays the 'REASON CODE SETUP' interface. At the top, there is a blue header bar with the title 'REASON CODE SETUP'. Below the header, there is a green plus icon and a dropdown menu labeled 'TYPE' with the selected value 'Lost Proposal/Contract'. The main content area is a table with the following columns: 'TYPE' (with an upward arrow), 'LINE OF BUSINESS', 'REASON CODE' (with an upward arrow), and 'NAME'. The table contains four rows of data:

TYPE ↑	LINE OF BUSINESS	REASON CODE ↑	NAME
Lost Proposal/C...		L_LTC	Lost to Competitor
Lost Proposal/C...		SCV	Stayed with Current Vendor
Lost Proposal/C...		SUC	Under Contract
Lost Proposal/C...		VCR	Contract Renewed
