Last Modified on 09/05/2023 10:17 am EDT

The validation popup that appears when a user incorrectly attempts to add a charge code has been updated with new wording.

Previous: First add selected Charge Code by clicking Plus (+) sign.

New: Charge Code must be added by clicking (+) before editing settings.

The screenshot shows the 'MANIFEST CONSOLIDATION ELIGIBLE SETUP' interface. At the top, there are dropdown menus for 'DIVISION' (CORPUS), 'DISPOSAL LOCATION' (GULLEY HURST LF-CUST PD), and 'LOB' (Medical Waste). Below these is a table with two columns: 'CHARGE CODE' and 'MATERIAL TYPE'. The table lists various waste management options such as '18 Gal Box Per Pound', '18 Gal Box Per Container - RMW', '18 Gal Sharp Per Container - RMW', '200 Gal Cart Per Container - RMW', '30 Gal Box Per Pound - RMW', '30 Gal Box Per Pound - Chemo', '30 Gal Box Per Container - RMW', '30 Gal Box Per Container - Chemo', '30 Gal Box Per Container - Pharma', '43 Gal Reusable Per Container - RMW', and '43 Gal Reusable Tiered - RMW'. A blue validation popup is overlaid on the table, containing the text: 'VALIDATION', 'Charge Code must be added by clicking + before editing settings.', and an 'OK' button.
