NavuNav (Android) - Preview Step Added To Directions (15064)

[Enhancement] Last Modified on 09/14/2023 3:49 pm EDT

The Driving Directions feature in the NavuNav (Android) has been enhanced to include a preview step before starting "Active Guidance."

Screen Changes:

- When the driver clicks "Driving Directions," a preview of the route is displayed with the following:
 - Route line with start and end points.
 - Route Summary with estimated duration and distance
- Option for driver to "Continue" (start active guidance) or "Cancel."
