

# Services List (Dispatch) - Logic Updated to 'Set Posting' for Posted Work Orders (15849)

Last Modified on 10/10/2023 12:45 pm EDT

Previous posting logic only allowed a work order to progress in the "Pending" to "Posted" process. With this change, if a work order has not been billed, the Posting Status can be reverted back to "Ready to Post" from a "Posted" status.
