

# Revenue Analysis (Analysis Reports) - Logic Updated to Service Region Filter (15915)

Last Modified on 11/03/2023 1:06 pm EDT

Logic to Service Region has been updated to default to 'All' when the Division is changed.

The screenshot displays the 'REVENUE ANALYSIS' report interface. At the top, there is a blue header with the title 'REVENUE ANALYSIS' on the left and the breadcrumb 'REPORTS > ANALYSIS > REVENUE ANALYSIS' on the right. Below the header, the 'TYPE' filter is set to 'Billed by Account Class'. The 'YEAR' filter is set to '2023'. The 'DIVISION' filter is set to 'HOUSTON' and the 'SERVICE REGION' filter is set to 'All'. A red box highlights the 'DIVISION' and 'SERVICE REGION' filters. To the right of these filters is a green 'LOAD' button. Further right is a search bar with a magnifying glass icon and a close button. The main content area below the filters is currently empty.

Pathway: [Reports](#) > [Analysis](#) > [Revenue Analysis](#)
