

Inbound/Outbound - Error Creating New Disposal Record (16157)

Last Modified on 01/02/2024 11:06 am EST

Previously, an error message was returned when trying to create a disposal record in Navusoft and NavuNav. This has been resolved.

The screenshot shows the 'EDIT SERVICE RECORD' interface for a service record. The main window displays details for 'Frontier Waste Solutions name 2' with work order 6271559. A modal window titled 'ADD DISPOSAL / SHIPMENT' is open, allowing the user to create a new disposal record. The modal includes fields for start date, time, destination, and material, along with a table for disposal rates and a 'Ticket Image' section with a checkbox to include the image with the invoice.
