

# Service Code and Charge Code Setup - Option to Hide Inactive Items Added (16216) [Enhancement]

Last Modified on 01/17/2024 2:30 pm EST

A 'Hide Inactive' check box has been added at the top of both the Service Code Setup and Charge Code Setup screens. By default, this box is checked upon the initial loading of the screen to hide inactive codes. To display the codes, uncheck the box.

The image shows two screenshots of software screens. The top screenshot is the 'SERVICE CODE SETUP' screen. It features a header bar with a green plus icon and a search icon. Below the header, there are dropdown menus for 'LINE OF BUSINESS' (set to 'Commercial'), 'EQUIPMENT TYPE' (set to 'All'), and 'MATERIAL TYPE' (set to 'All'). To the right of these dropdowns is a 'HIDE INACTIVE' checkbox, which is checked. Below the header is a table with columns: ID, NAME, LINE OF BUSINESS, EQUIPMENT TYPE, MATERIAL TYPE, UOM, IS TAXABLE, TAXABLE CLASS, and GL. The first row shows 'FL10R' with '10 Yard Recycle Service43' as the name.

The bottom screenshot is the 'CHARGE CODE SETUP' screen. It has a similar layout to the Service Code Setup screen. The 'LINE OF BUSINESS' dropdown is set to 'Roll Off', 'EQUIPMENT TYPE' is 'All', and 'MATERIAL TYPE' is 'All'. The 'HIDE INACTIVE' checkbox is also checked. The table below has columns: ID, NAME, LINE OF BUSINESS, EQUIPMENT TYPE, MATERIAL TYPE, RATE UOM, IS TAXABLE, and TAXABLE CLASS. The first row shows 'ADJ-RO' with 'Adjustment-Roll Off' as the name. Other rows include 'CCMSWTON', 'DISP\_CD', 'DISP\_RECY', 'DISP\_TRASH', 'INACTIVITY', 'ROMUNI', 'ROPKRHAUL2', 'ROPKRHAUL1', 'ROAFH', 'RORENTDAY', 'RODEL', and 'ROLETONS'.

Pathways: Setup > Services > Service Code; Setup > Services > Charge Code
