

Accounts - Users Appearing Available For Tasks Without Permission 347 (16314)

Last Modified on 02/06/2024 9:44 am EST

Previously, an issue occurred with the "Add Task" feature, where all users were displayed in the drop down list for "Assigned To," contrary to the expected behavior of only displaying users with permission 347 (Assignable to Tasks). This has been resolved.

The screenshot shows the 'ADD TASK' form with the following fields and options:
