

# Database Query - 'Between' Operator Not Working for Timestamp Fields (16417)

Last Modified on 02/28/2024 11:18 am EST

A fix has been applied to the "Between" operator in Database Query that previously caused an error for time and date fields.

The screenshot displays a 'Database Query' interface. At the top, there are buttons for 'NEW', 'UPDATE', 'SAVE AS', and 'RUN'. Below this, the 'ENTITIES' section shows 'Disposal Records'. The 'DISPLAY FIELDS' section lists various fields with checkboxes, including 'Disposaldate'. The 'FILTERS' section shows a filter configuration for 'Disposaldate' using the 'between' operator, with dates '09/01/2021' and '09/30/2021' entered. An 'EDIT FILTER' dialog box is open, showing the configuration for the 'Disposaldate' filter. The dialog has a 'COLUMN' dropdown set to 'Disposaldate', an operator dropdown set to 'between', and two date input fields containing '09/01/2021' and '09/30/2021'. There is also a 'Negated' checkbox and a 'SAVE' button.

ENTITY	SEQ	FIELD	ALIAS	DESCRIPTION
<input checked="" type="checkbox"/>	1	Disposaldate		
<input checked="" type="checkbox"/>	2	Division Id		
<input checked="" type="checkbox"/>	3	Disposal Location Id		
<input checked="" type="checkbox"/>	4	Materialclass Id		
<input checked="" type="checkbox"/>	5	Workordernumber		
<input checked="" type="checkbox"/>	6	Disposaluom Id		
<input checked="" type="checkbox"/>	7	Datetime		
<input checked="" type="checkbox"/>	8	Start Timestamp		
<input checked="" type="checkbox"/>	9	Quantity		
<input checked="" type="checkbox"/>	10	Calculated Quantity		
<input checked="" type="checkbox"/>	11	Minimum Quantity		
<input checked="" type="checkbox"/>	12	Disposalrate		
<input checked="" type="checkbox"/>	13	Fee1		
<input checked="" type="checkbox"/>	14	Fee2
