

Dispatch - Excel Export Format Update for Completed Stops (16414) [Enhancement]

Last Modified on 02/29/2024 2:47 pm EST

'Sequence' and 'Completion Time' have been separated into two separate columns in the Completion Report export.

Columns have been manually hidden in the screenshot for purposes of capturing the change.

The screenshot displays the 'SERVICES LIST' interface with a table of service records. The table includes columns for ROUTE, SEQ, ORDER NOTE, LOCATION, SCHEDULED DATE, CREATED ON, WO#, WO TYPE, SERVICE TYPE, QTY, EQUIPMENT, and PHOTOS. An overlaid Excel export preview shows columns A through R, with columns Q and R highlighted in red. Column Q is labeled 'seq' and column R is labeled 'completiontime'. The data in the Excel preview matches the table above.
