

# Route Management - Sorting Feature in Route Summary Screen Was Not Sorting (16481)

Last Modified on 03/14/2024 10:16 am EDT

An issue affecting the Route sort feature in Route Summary (Current tab of Route Management screen) has been resolved.

The screenshot shows the 'Route Summary' modal window. The modal title is 'ROUTE SUMMARY'. Below the title is a 'SUMMARY TYPE' dropdown set to 'Quantity'. The main table has the following structure:
