

Active Services (Accounts) - Default Rates not Considering Effective Date (16564)

Last Modified on 03/27/2024 2:47 pm EDT

An issue has been resolved where default rates were not considering the effective date.

The screenshot displays two overlapping windows from a software application. The top window, titled 'SERVICE CODE DEFAULT RATE SETUP', shows a table of service rates. A red arrow points to the 'EFFECTIVE DATE' column, which shows '03/01/24' for the first row and '04/01/24' for the second row. The bottom window, titled 'ADD ACTIVE SERVICE', shows a form with a red box highlighting the 'SERVICE CODE' field, which is set to '2 Yard Trash Service'. The 'START DATE' is set to '03/27/24 Wednesday'.
