

AR History (Accounts) -Default 'Save As' for Invoice Downloads Changed (16662) [Enhancement]

Last Modified on 04/19/2024 10:38 am EDT

An enhancement has been applied when downloading invoice files: the default 'Save As' title will now start with the division name, followed by the invoice ID.

The screenshot displays a web application interface for AR History. The main content area shows contact information for 'CORPUS' and 'Example Account 6'. A 'Statement' table is visible, along with a 'Limit to Open Items' table. A 'Save As' dialog box is open, showing the default filename 'CORPUS_20240417' and the save location 'Downloads'. The dialog box has 'Cancel' and 'Save' buttons.
