

Context Help - Enhancements Made To Context Help (16590) [New Feature]

Last Modified on 04/19/2024 2:16 pm EDT

The following enhancements have been made to the organization of Context Help (question mark icon).

1. Release Notes

- The most recent version's release notes will display at the top of the Context Help screen.
- New or updated features will display first and in **bold** with a [New Feature] tag.

2. Documentation

- Videos related to the screen the user is currently viewing will display first.
- Content related to the screen the user is currently viewing will display under videos.

The screenshot displays the Context Help interface with a list of items. At the top right, there are three icons: a question mark with a checkmark and a red badge with '*22', a document icon with a red badge with '1107', and a question mark icon. The list is organized into sections:
