

Available Service Code (Setup) - Enhancements Made to Screen (16281) [New Feature]

Last Modified on 05/21/2024 3:22 pm EDT

The following enhancements have been applied to the Available Service Code Setup screen:

1. A Material Type selection filter has been added.
2. A refresh icon was added.
3. The Add and remove action buttons were replaced with an Availability drop down selection (click within the row and column to make a selection).
4. When a row with 'Specific Service Regions' is selected, a new 'Service Regions' tab will display in the tab set in the lower grid. Using the toggle switches, users can add the specific service regions the service code is available to.

The screenshot displays the 'AVAILABLE SERVICE CODE SETUP' interface. At the top, there are filters for 'LINE OF BUSINESS' (Commercial), 'DIVISION' (QAWASTE), 'EQUIPMENT TYPE' (All), and 'MATERIAL TYPE' (All). A search bar and a refresh icon are also present. Below the filters is a table with columns for 'SERVICE CODE', 'EQUIPMENT TYPE', 'MATERIAL TYPE', and 'AVAILABILITY'. The table lists various services such as '2 Yard Recycle Service' and '2 Yard Trash Service'. A 'Locking Bar' is visible at the bottom of the table. Below the table, there are tabs for 'Service Regions', 'Default Charge Codes', and 'Default Rates'. The 'Service Regions' tab is active, showing a list of regions with toggle switches to indicate availability.

| SERVICE CODE | EQUIPMENT TYPE | MATERIAL TYPE | AVAILABILITY |
|-------------------------------------|----------------|---------------|--------------------------|
| 2 Yard Recycle Service | 2 Yard FL | Recycle | All Service Regions |
