

Services List (Operations) - Logic Updated for Timestamp Discrepancy (16803)

Last Modified on 06/03/2024 4:15 pm EDT

The timestamp discrepancy between the timestamp on the Edit Service Record screen and the timestamp on the Services List screen has been resolved.

The screenshot displays the 'SERVICES LIST' application interface. At the top, there is a navigation bar with 'Dispatch' selected, a 'Select Print Format' dropdown, and buttons for 'SET POSTING', 'EDIT', and 'PRINT COMPLETED'. A search bar is located on the right. Below the navigation bar is a table with columns: ROUTE, SEQ ↑, ORDER NOTE, LOCATION, SCHEDULED DATE ↑, CREATED ON, WO#, WO TYPE, SERVICE TYPE, QTY, EQUIPMENT, and PHOTOS. Two rows are visible in the table. The first row is highlighted in green and has a red box around the 'WO TYPE' column, which contains the text 'Scheduled Service COMPLETED 9:56 am'. The second row is also highlighted in green. Below the table, a detailed view of a work order is shown. This view includes fields for 'WORK ORDER' (7622691), 'QTY' (1), 'SERVICE CODE' (2 Yard Trash Service), 'EQUIPMENT' (2YD), 'WORK TYPE' (FL_SERVICE), and 'ORDER TYPE' (Scheduled Service). There are also fields for 'MATERIAL' (MSW), 'ORDER NOTES', 'PO NUMBER', 'EXTERNAL ID', 'SCHEDULED DATE' (05/09/24 Thursday), 'ROUTE' (COR DUMPSTER DEL/REM), 'SEQUENCE' (0), and 'DESTINATION / ORIGIN'. A red box highlights the 'WORK STATUS' dropdown menu, which is currently set to 'Service Completed'. Below this, there is a link for 'Update History' and a timestamp 'Isabel Navarro on 6/3/24 9:56 am'. At the bottom of the detailed view, there are buttons for 'Lab Tests', 'Attachments', 'Labels', 'Photos', and 'Timeline', and a 'CALCULATE LAB QTY AND DISCOUNT' button.
