

Database Query (Database) - Fields Added To Display Fields List (16927)

Last Modified on 06/19/2024 4:00 pm EDT

An enhancement has been made to add new fields to the Active Services Query selections. The following fields were added: Vendor Name, Vendor Rate, and Vendor Site ID.

The screenshot shows the 'Database Query' interface. At the top, there is a 'SAVED QUERY' dropdown menu and buttons for 'NEW', 'UPDATE', 'SAVE AS', and 'RUN'. Below this, the 'ENTITIES' section shows 'Active Services' with a plus icon. The 'LIMIT / SORT' section has a 'ROW LIMIT' input field with a plus icon. The 'DISPLAY FIELDS' section has a checkbox for 'Display Only Selected' and a table with the following data:

<input checked="" type="checkbox"/>	ENTITY	SEQ	FIELD	ALIAS	DESCRIPTION
<input checked="" type="checkbox"/>	Active Services	1	Vendor Rate		
<input checked="" type="checkbox"/>	Active Services	2	Vendor Site Id		
<input checked="" type="checkbox"/>	Active Services	3	Vendor Name		

The 'FILTERS' section on the right contains an 'AND' button, an 'ADD GROUP' button, and an 'ADD FILTER' button with a minus icon.
