

# Database Query (Database) - New Entity Added to Main Entity Options (16957) [New Feature]

Last Modified on 06/25/2024 8:46 am EDT

In Database Query, 'Active Services Tiered Pricing Rates' has been added as an option in the Entity drop down.

The screenshot displays the 'Database Query' interface. At the top, there is a 'SAVED QUERY' dropdown menu and three buttons: 'NEW', 'UPDATE', and 'SAVE AS'. A 'RUN' button is located on the right side. Below these are sections for 'ENTITIES', 'LIMIT / SORT', 'DISPLAY FIELDS', and 'FILTERS'. A 'ROW LIMIT' dropdown is visible under 'LIMIT / SORT'. Under 'DISPLAY FIELDS', there is a checkbox labeled 'Display Only Selected'. Below this is a table header with columns: 'ENTITY', 'SEQ', 'FIELD', 'ALIAS', and 'DESCRIPTION'. A modal window titled 'SELECT MAIN ENTITY' is open in the center, featuring a dropdown menu for 'ENTITY' with 'Active Services Tiered Pricing Rates' selected, and an empty text input for 'ALIAS'. A 'SAVE' button is at the bottom of the modal.
