

Line Of Business (Setup) - 'Service Description Display' Field Added (17069)

Last Modified on 07/29/2024 9:53 am EDT

A 'Service Description Display' drop-down field has been added to the Mobile tab of the Line of Business Setup screen.

The screenshot shows the 'UPDATE LINE OF BUSINESS' interface. At the top, the title bar reads 'UPDATE LINE OF BUSINESS' with a help icon and a close icon. Below the title bar, the 'LOB ID' is 'FEL'. The 'NAME' field contains 'Commercial' and the 'ACTIVE' dropdown is set to 'Yes'. A navigation bar contains five tabs: 'Settings', 'Mobile', 'Optimization', 'Self-Service Ordering', and 'Productivity and Profitability'. The 'Mobile' tab is selected. The main form area includes several fields: 'DAYS AVAILABLE TO DRIVER' (dropdown: 'Yesterday, Today, & Tomorrow'), 'AUTO COMPLETE SECONDS' (input: '5'), 'RECEIPT HEADER TEXT' (empty text area), and 'ACKNOWLEDGEMENT TEXT' (empty text area). The 'SERVICE DESCRIPTION DISPLAY' field is highlighted with a red box and contains the dropdown text 'Quantity - Work Type Name - Material Type ID/Service Code ID - Equipment Type Name'. At the bottom, the 'ENABLE COMPLETION NOTE ENTRY' checkbox is checked.

Pathway: Setup > Services > Line Of Business
