

Transfer Service (Accounts) - Transfer Service Rate/Rate Per Unit Fixed (17203)

Last Modified on 10/04/2024 10:22 am EDT

Previously, when transferring a service, the Rate and Rate Per Unit were being multiplied together instead of being directly copied, which resulted in incorrect rates for the transferred service. This has been resolved.

The image shows two overlapping windows from a software application. The top window is titled 'TRANSFER SERVICE' and displays a table with the following data:

QTY	SERVICE CODE	FREQUENCY	SCHEDULE	RATE	BILLED THRU	NEW RATE
1	96 Gal Trash - Comm	1x per week	W	32.00 per month	8/31/24	32

The bottom window is titled 'SERVICE CHANGE' and shows a summary of the transfer:

Previous: 1 96 Gal Trash - Comm 1x per week \$ 32.00 per month N/A

The 'TRANSFER SERVICE' window also includes a 'FROM' section with account details (41898002, Active, Navusoft - Demo Site 2, 8100 Washington Ave Houston, TX 77007-1062 Harris County) and a 'TO' section with account details (48910002, Inactive, Test order workorder creation, 8100 Washington Ave Houston, TX 77007-1062). It also features date pickers for 'END SERVICES ON SITE' (10/03/2024) and 'START SERVICES ON SITE' (10/07/2024), along with 'REASON CODE' dropdowns (END-Ownership Char and New - Temporary) and checkboxes for 'Create Removal WO' and 'Create Delivery WO'. A green 'PROCESS TRANSFER' button is located at the bottom right of the 'TRANSFER SERVICE' window.
