

# NavuNav (Android) - Support for Tracking In-State and Out-of-State Mileage (18404) [New Feature]

Last Modified on 07/21/2025 6:41 am PDT

Tracking for in-state and out-of-state mileage is now available on the Truck Productivity screen (Operations > Dispatch > Driver Timeline) and in NavuNav. When a driver updates the state or province in NavuNav, the change will automatically reflect in Dispatch.
