

NavuNav (Android 6.6) - Corrected "Service Ending" label in NavuNav to display accurately for service changes (19549)

Last Modified on 11/12/2025 9:21 am PST

An issue has been resolved where services with a future-dated service change were incorrectly labeled as "Service Ending" in NavuNav. These services now display correctly to prevent confusion for drivers.

The screenshot displays the NavuNav application interface. At the top, there are two panels for account information for 'Carter, James' at address 'Osceola, WI 54020-4042'. The left panel shows account details like 'Active', 'Net 20', and 'Annual Billing'. The right panel shows 'Active' status and 'Annual Billing' details. Below this is a 'HIGHLIGHTS' section with 'PENDING' status and a 'TOTAL RECURRING \$ 102.85'.

The main section is a table of 'ACTIVE SERVICES (3)'. The table has columns: QTY, SERVICE CODE, SERVICE ID, LAST ACTIVITY, FREQUENCY, SCHEDULE, PER UNIT RATE, RATE, WO MIN, START DATE, END DATE, and LEGEND. Two rows are visible, both for 'Trash Svc - 96 Gallon Cart' with service ID 38765. The first row has a frequency of '3x per week' and a schedule of 'W,H,F'. The second row has a frequency of '3x per week' and a schedule of 'W,H,F'. The rate is \$40.00 per month.

Below the table is a 'CALENDAR' view for November 2025. A red box highlights a service entry for '1 - RS Service - Trash Svc - 96 Gallon Cart' on Wednesday, Nov 12. The entry shows 'DOC RES 102/Wed' and 'WO # 10542004'. Other services listed include 'Subway' (FL Service - FL04T_ANNV - 4 Yard FL) and 'Wild Winery' (FL Service - FL02T - 2 Yard FL).

At the bottom, there are status filters: 'Pending(29)', 'Incomplete(29)', 'Serviced(0)', 'Exception(0)', and 'Route Changes(6)'. A map on the right shows the service locations.
