

Inventory Management (Operations) - Refresh Button Consistently Logs Out User (20628)

Last Modified on 03/10/2026 8:55 am PDT

An issue has been resolved on the Inventory Management screen that was causing the user to be logged out when clicking on the Refresh button.

The screenshot shows the 'INVENTORY MANAGEMENT' interface. At the top right, the breadcrumb 'OPERATIONS > INVENTORY MANAGEMENT' is visible. A search bar contains the text 'Search'. To the right of the search bar is a refresh button (a circular arrow icon) which is highlighted with a red box and a red arrow pointing to it from the text above. Below the search bar is a table with the following columns: LINE OF BUSINESS, EQUIPMENT TYPE, SERIALIZED, TOTAL QUANTITY, SITE QUANTITY, and YARD QUANTITY. The table contains 20 rows of data. At the bottom of the table, there are filters for 'DIVISION' and 'SERVICE REGION', both set to 'All'. Below these filters are two buttons: 'ADD TO YARD' and 'ADD TO SITE'. At the very bottom, there is another table with columns: LOCATION NAME ↑, ADDRESS, QUANTITY, LAST ACTIVITY, DAY(S) SINCE LAST ACTIVITY, and AVG DAY(S) BETWEEN ACTIVITY.

| LINE OF BUSINESS | EQUIPMENT TYPE | SERIALIZED | TOTAL QUANTITY | SITE QUANTITY | YARD QUANTITY |
|----------------------|-------------------------------------|------------|----------------|---------------|---------------|
| Commercial | 10 Yard FL (Ser) | No | 36 | 22 | 14 |
