

Rate Update Batch (Sales) - Added Filter Options (20422)

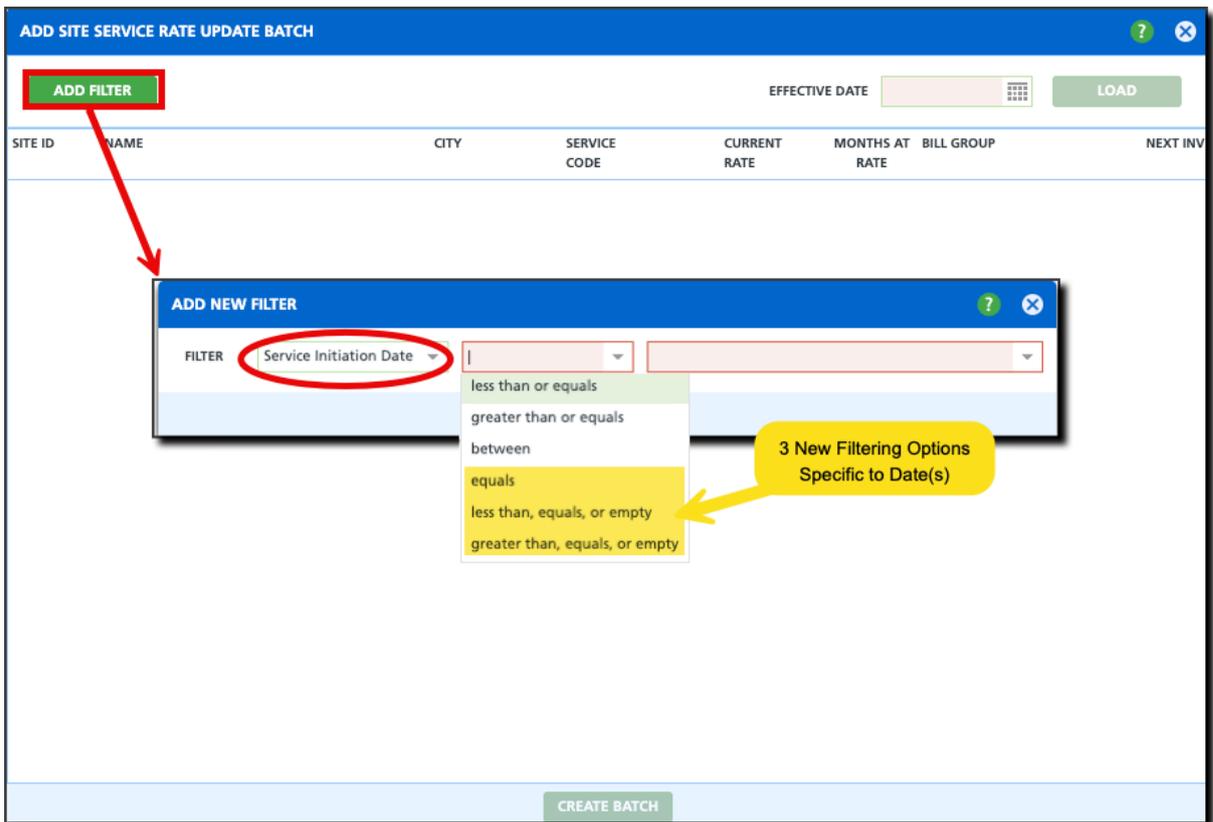

Last Modified on 03/13/2026 6:13 am PDT

Three changes have been made to the **Add Filter** option on the **Add Site Service Rate Update Batch** screen.

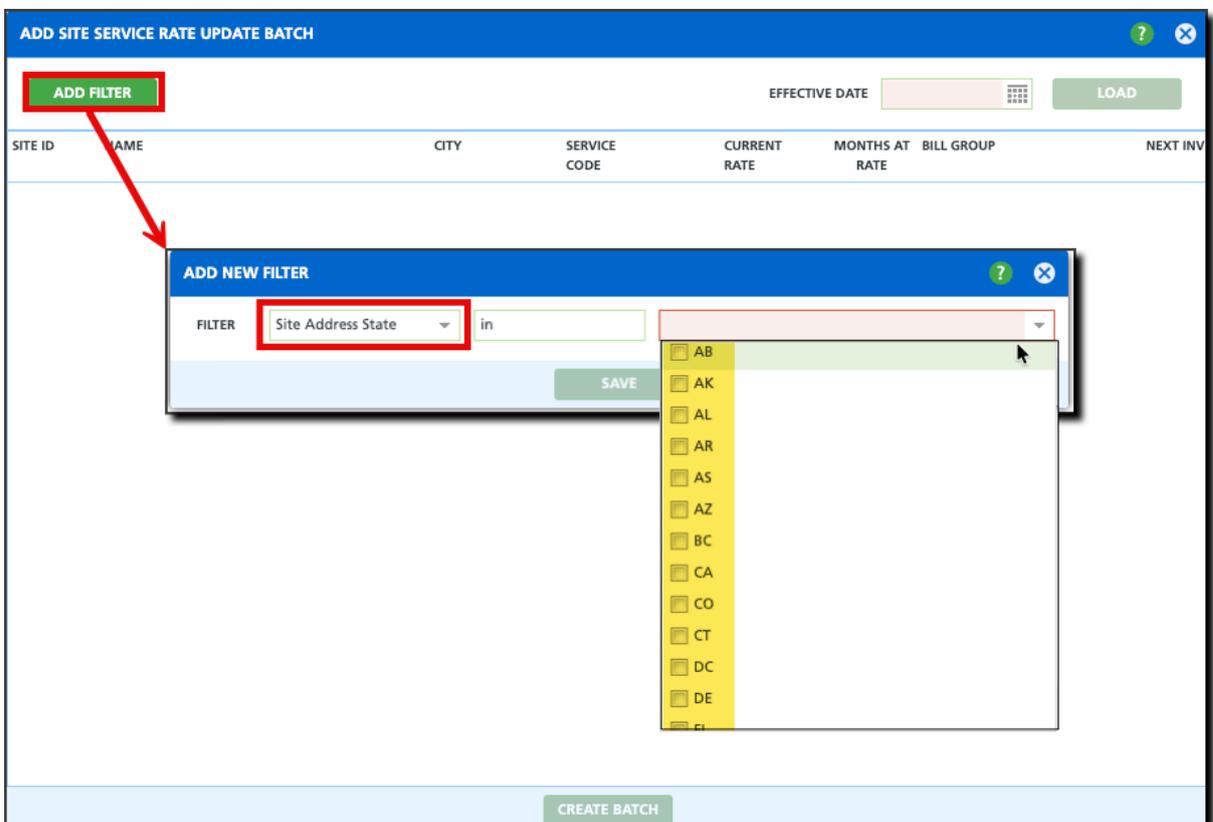

1. Two (2) new date fields have been added to the filtering options.

2. For all date type fields, 3 additional filtering options have been added.

3. The filtering for **Site Address State** has been changed to show the state abbreviation versus the full state name.

Pathway: Sales > Rate Update Batches > **green +** > Add Filter
