

# Route Management (Operations) - Intermittent Error Received When Renumbering/Resequencing Stops (20563)

Last Modified on 05/15/2026 2:16 pm PDT

An intermittent issue that caused an error message to display when attempting to renumber or resequence stops has been resolved.

Pending		Current		Renumber / Sequencing Stops		
DIVISION	QAWASTE	DAY OF WEEK	Monday	Effective 05/18/26		
ROUTE ↑	STOPS	CONTAINER QUANTITY	VIEW MAP		UNSEQUENCED STOPS	SEQUENCE OPTIMIZATION
71LA	3	7		<a href="#">Renumber</a>	0	<a href="#">Optimize Sequence</a>
LA 101	24	27		<a href="#">Renumber</a>	12	Insert 1 unsequenced stops using most recent completion order <a href="#">Optimize Sequence</a>
LA 103	1	1		<a href="#">Renumber</a>	1	No unsequenced stops have been completed yet <a href="#">Optimize Sequence</a>
LA 105	2	2		<a href="#">Renumber</a>	2	No unsequenced stops have been completed yet <a href="#">Optimize Sequence</a>
MISC	50	62		<a href="#">Renumber</a>	41	No unsequenced stops have been completed yet <a href="#">Optimize Sequence</a>
