

Source (Setup / Account) - Source Name Max Set to 50 Characters (21419)

Last Modified on 06/02/2026 6:56 am PDT

To correct the issue of Source Name not saving after a certain number of characters were entered, the field has been updated to allow a maximum entry of 50 characters. At that point, the field will not accept any more characters removing any confusion that the system accepts more than 50 characters.

The screenshot shows a web form titled "EDIT SOURCE" with a blue header and a close button (X) in the top right. A red arrow points to the top-left corner of the form. The form contains several fields, each with a clear button (X) on the right:

- NAME:** "Test Add Source Name 12345678901234567890123456789" (highlighted in yellow)
- IS ACQUISITION:** "No" (dropdown menu)
- EXTERNAL ID:** "Ext ID 456"
- ACQUISITION NAME:** "Acq Name" (with an "EDIT SOURCE" button next to it)
- DATE:** "03 / 31 / 2026"
- ACQUISITION DATE:** "04 / 01 / 2026"
- NOTE:** "Test Add Source Note"
- ACQUISITION NOTE:** "Test Add Source Acq Note"
- ACTIVE:** "Yes" (dropdown menu)

A green checkmark icon is visible in the bottom right corner of the form area.
