

Dispatch Services List (Operations) - New Quick Multi-Select Feature (21493)

Last Modified on 05/29/2026 10:45 am PDT

From the Dispatch Services List, you can now quickly select a group of adjacent records by using the **Shift** key:

1. Click on the first record you want to select.
2. Hold down the **Shift** key.
3. Click on the last record you want to select.

All records between the first and the last will be selected.
